In Colombia, there was a plane crash in the jungle in June. The pilot, a mother, and a man were all killed. But the 4 children were okay. They were able to survive for 40 days and then they were found. The oldest girl helped them survive. She's only 13 years old. She fed the baby milk made from fruits, and found help. Now they're home again.

In Kobe, Japan, there was a flower found in 1992. It's called a "fairy lantern". But people built buildings on the flowers' home. The flowers growing there were killed. Scientists thought there weren't any more fairy lanterns. In 2023, they found another fairy lantern near Kobe. The scientists think that we should protect the flowers now.

Saudi Arabia is building the biggest building in the world. It's called "Mukaab", and it will look like a gold cube. There is a very tall building inside Mukaab too. Mukaab wil have many houses and parks made for people to enjoy. There isn't much nature in Saudi Arabia, so they don't want to use many cars. You can walk everywhere in Mukaab.
